

# SUPREME-DISC

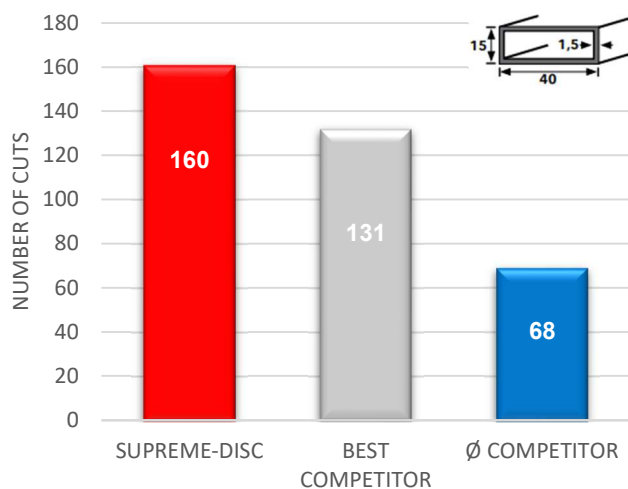

Premium Cutting Disc

New premium cut-off wheel for precision cutting and extreme long service life. This state-of-the-art disc is manufactured with the finest and highest performance abrasives, using advanced and innovative production technologies. Iron, chlorine and sulfur free: no contamination for use on stainless steel. Put it to the test and convince yourself of the outstanding performance of this new product.

Type	Order-No.	Dimensions mm	max. RPM	
SUPREME DISC 115/1.0	913 553 00	115 x 1.0 x 22.2	13.300	25
SUPREME DISC 125/1.0	913 554 00	125 x 1.0 x 22.2	12.200	25

## Unbeatable in a competitive comparison:

- Extra long durability and high cutting speed
- Cutting without metal overheating or discoloring
- High rigidity and low vibrations
- Precision and clean cutting without producing burrs

Comparative test on stainless steel tube with 125mm discs
